Marunouchi

The Heart of Tokyo

Marunouchi, the ultimate venue for your next business event. Bound by the rich cultural history of the Imperial Palace to the West, and thriving central transit hub Tokyo Station to the East, Japan's leading business district is the beating heart of Tokyo. The renowned brand of prestige and sophistication, the entire iconic district as your all-inclusive resort.

A Global Business Hub

Marunouchi boasts over 4,300 companies and generates 25% of Japan's national GDP. With both Japanese and international leading corporations establishing their headquarters here, the potential for purposeful networking and collaboration are endless.

Always Happening

We invite guests to participate in our various public events in our many lively public spaces. From culinary to culture, performing arts to sports activities, romantic to family-friendly fun, you're sure to stumble across festivals, performances or markets at any time of day.

Safety

With comprehensive and cutting edge infrastructure implemented across the area, this is a true business continuity district. With a non-existent crime rate, and pedestrian walkways, you can explore the city and enjoy the nightlife without a worry.

Transit Central

All major transit arteries converge in Marunouchi. Access International and domestic airports smoothly, zip between cities on the bullet train. The area itself is serviced by 28 train lines and 13 stations and complimentary shuttle buses, alongside active modes of transport.

Sustainable City

Take a deep breath – Marunouchi is a green oasis pioneering true sustainability within megalopolis Tokyo. The new urban lifestyle offers guests the benefits of being at the epicenter of all the action, while promoting sustainability, health and relaxation.

Established in 2017, “Destination Management/Marketing Organization TOKYO/Marunouchi” boasts over 20 MICE venues, 10 hotels, various landlords and tenants of the area as our members.

From conference facilities, accommodation, entertainment, restaurants, unique venues, unique services, and corporate visits, DMO TOKYO/Marunouchi is your one-stop portal for all your MICE-planning needs.

We offer our expertise in matching needs and desires with our array of possibilities to facilitate successful, unique business events that leave a lasting impression on your guests. For an exciting journey into the cultural, innovative, vibrant heart of Japan and an experience beyond a typical MICE event, look no further than Marunouchi, the perfect place for business events.

23 State-of-the-art MICE Facilities

An array of prestigious and flexible venues for any size and configuration, ranging from 5000+ exhibition spaces at the Tokyo International Forum, to conference halls in iconic buildings, and exclusive meeting rooms steeped in history.

Unique Venues

Our extensive curated list includes prestigious and unique custom venues ranging from cutting edge to traditional, including a virtual reality theatre, a shrine for prosperity, outdoor venues created by closing off streets to traffic, and those offering spectacular views of Tokyo's icons.

10

First-class Hotels

Marunouchi boasts the full range of top-tier luxury hotels, so you are guaranteed a restorative respite from the bustle of the day, excellent service, topped with the convenience of being located in the middle of the city.

After MICE Experiences

Public events, live performances, high-end retail, Michelin-starred cuisine, relaxation, nightlife, culture and traditional experiences - the full range of customizable after-business, cultural, team-building, family, sporting and hands-on activities.

City-wide Publicity

The entire district is your venue, and the public spaces are your canvas. Publicize your event on our Marunouchi Media Link digital signage, flags on our avenues, or wrapping on the shuttle buses - or use all for an Advertisement Hijack of the entire Marunouchi area.

Superb Access between Venues

On top of chartered vehicles and taxis, this area offers complimentary hop-on-hop-off shuttle bus and shared bicycles. Shaded avenues allow for a refreshing walk, while the underground pedestrian network means you can get from A to B without a single raindrop touching your head.
