About Kobe

Japan's Largest Medical Industrial Cluster - Kobe Biomedical Innovation Cluster

Kobe City launched the "KOBE Biomedical Innovation Cluster" project as part of earthquake reconstruction projects to revitalize Kobe's economy after the Great Hanshin-Awaji Earthquake that hit Kobe on January 17, 1995.

KBIC has progressed to be the largest biomedical cluster in Japan by gathering nearly 330 advanced medical research institutes, highly specialized medical institutions, corporations and universities.

Private Financial Support (Nakauchi Foundation)

The Tsutomu Nakauchi Foundation was established by a local entrepreneur and visionary who wanted to help attract more conventions to Kobe and Hyogo Prefecture. His foundation legacy provides financial subsidies to both international and domestic conferences held in the prefecture and to concurrently held exhibitions or trade fairs. This private fund can be combined with the public fund mentioned above, (Portopia '81 Memorial Fund). The Foundation also offers loans to assist a convention's preparations.

For further information,
please contact Tsutomu Nakauchi Foundation.
